But to be honest I get tired of it sometimes♡♡ When I come home tired after work, he watches TV and eats my snacks, and just lays around. I wish he'd at least wash the plates he uses. There are bags thrown everywhere too (laugh). I'd like it if he worked, even if it was just part-time. Normally, it would be me that doesn't work and who [illegible] relax, right? I should just throw him out [illegible]. But I'll end up forgiving him after [illegible] he's a hottie♡♡♡

I'm living together with my boyfriend right now, but he's not working, and we can't live on only my pay (laugh). We're barely scraping by each month (laugh). But I love him, so it can't be helped that I keep forgiving him♡ He's a real hottie♡ It seems he has no one else to rely on, so I tend to go easy on him♡♡
